Order form for waste collection

The organiser employs an ecological waste disposal concept. This means that with the help of the waste producers (stand constructors, exhibitors, visitors) the waste produced can be separated so that the reusable materials can be recycled. Costs for reusable materials amount to just 50% of costs incurred for general waste, and as such the general principle is “less waste = lower costs”.

All exhibitors are obliged to limit and also dispose of any waste, according to the conditions for participation and also the technical guidelines.

Any waste left in front of the stands will be removed at cost before and during the event. Any unannounced secondary or raw materials that remain in the hall after you leave the stand space will be charged with a **surcharge of 20 % per m³ or part thereof**.

TIP: To keep unauthorised people from disposing their waste in your container, we would suggest that exhibitors bring their own lock and chain to our premises.

You can also request delivery of waste containers on site through the exhibitor service or the hall supervisor. Orders for containers can also be made on site through the hall supervisor or inspection services. For organisation purposes the order must be placed at least three days in advance. Bulky goods can be left packed on the stand and will be disposed of as arranged. **Special waste such as oils, fats, emulsions, caustic solutions, paints, varnish, batteries, refrigerators, etc., may not be included in the general waste. (Please contact the exhibitor service for details on how to dispose of such materials.) It is prohibited to dispose of food in the sink.**
